## BUILDING ASBESTOS HISTORY

### RHOOSE LIBRARY

Date	Notes
2004	South Wales Scientific Services carried out a Type 2 Asbestos Survey. All samples taken during the survey were analysed by Normandie Analytical Services.
12/10/05	An Asbestos Management Plan was issued to Sandra Cooper at the library. Geoff Twigg at the Asbestos Management Unit (AMU) issued the Asbestos Management Plan.
2007	Updates for inclusion in the Asbestos Management Plan were sent to the library.
2007	A section of vinyl floor tiles located in front of the counter were removed. Peter Evans Flooring undertook this work.
2008	National Britannia carried out a labelling programme throughout the library.
28/04/08	The Asbestos Unit carried out a condition check on the ACMs within the building.
2008	Vinyl Floor Tiles located in the library area were overlaid with carpet tiles.
August 2009	CARE Environmental undertook the removal of 2 Asbestos Insulation Boards (AIB) from within the library. Air monitoring was undertaken by ACS. Works were carried out on behalf of Property as part of a refurbishment programme.
24/1/18.	Now Community library Eb'17. File has been read. I Robinson
